

# Fish processing - Uganda Revenue Authority

---

 [ura.go.ug/en/fish-processing/](https://ura.go.ug/en/fish-processing/)

29 August 2023

Fish processing involves activities that add value to fish for delivery to the consumers.

In Uganda, this is done by fish processing companies for supply to majorly high-end hotels, restaurants and export.

---

All fish processing plants in Uganda are required to be registered with;

- Uganda Registration Services Bureau (URSB) for Company or business name
- Uganda Revenue Authority (URA) for taxes

## **Please note:**

Upon registration, one is required to comply with the requirements of statutory bodies like;

National Environment Management Authority (NEMA)

Department of Fisheries Control, Regulation and Quality Assurance under Ministry of Agriculture, Animal industry and Fisheries.

---

## **For individual**

- National ID or any other two of the following valid identification documents; Passport, Driving permit, Voter's card, Village ID, Employment ID, Refugee ID, recent Bank statement, Work permit, financial card, Visa, NSSF card etc.
- Certificate of registration (incase you are in business)
- Statement of particulars and partnership deeds (incase of a partnership)

## **For non-individual**

- Company Form 20
- Certificate of incorporation

---

## **Corporation tax**

It's a tax imposed on non-individual players in the sector at a standard rate of 30%.

## **Individual Income tax**

This is a tax imposed on individuals in the sector using the individual rates applicable.

[Click here](#) for more information on individual income tax rates.

## **Pay As You Earn (PAYE)**

This tax applies to a sector player who has employees (administrative or causal laborers) that earn an aggregate in excess of 235,000 per month. This form of tax is withheld every month.

[Click here](#) for the PAYE rates

---

Processed fish have added value and VAT is charged on sale of such products at a standard rate of 18%.

At export, processed fish is VAT zero rated.

## **Please note:**

Fish processing plants must therefore register for VAT and obliged to also register for EFRIS

[Click here](#) for information on how to register for EFRIS

## **Withholding tax**

Withholding tax (WHT) is an income tax that is withheld at source by one person (withholding agent) upon making payment to another person (payee). If fish processing plant supplies goods above 1 million, the person to whom those goods are supplied charges withholding tax at a rate of 6%. The plant receives a Tax Credit Certificate that helps in offsetting tax liability in the final income tax return.

[Click here](#) for information on Withholding tax.

---

These returns are filed like any other Income tax returns

[Click here](#) for information on how to file your returns.

---

After filing a return, you're required to pay taxes due using available payment platforms e.g. banks, mobile money, VISA, Mastercard, EFT, RTGS, USSD Code (\*285#) etc.

**Please note:** the due date for payment of tax is the same as that of return filing.
