Withholding Tax:

What is Withholding tax (WHT)?

Withholding tax is a form of advance income tax that is withheld at source by one person (withholding agent) upon making payment to another person (payee).

Who is a Withholding agent?

A withholding agent is a person legally obliged to withhold tax on payment. To become a withholding agent, one must;

- Be a designated withholding agent- A person selected by the Minister of Finance and published in a gazette to withhold tax upon making payments to another person.
- Be making a payment on a transaction that is required by law to be deducted from WHT.

A. Withholding tax on payments to non-resident public entertainers

Tax is imposed on the income derived in Uganda by every non-resident public entertainer.

The tax is charged at a rate of 15% of the gross amount of the payment derived by the non-resident public entertainer.

Where the tax is levied on a group, every member of the group is jointly and individually liable for payment of the tax.

The obligation to withhold the tax under this provision is placed with the person making the payment e.g. promoter, agent, event owner, or such similar person irrespective of whether that person is a designated WHT agent or not. The tax is payable before the non-resident entertainer leaves the country and it is a final tax.

Example: Sanyuka Events Limited hires a Congolese artiste to perform in Uganda. Sanyuka Events Limited is obliged to withhold 15% of the gross amount of the payment to the Congolese artiste and remit it to URA.

Congolese artists' gross payment

=50,000,000 UGX

Tax withheld from the Congolese artiste and remitted to URA

= 15% x 50, 000, 000

=7,500,000 UGX

B. Withholding tax on payments to local public entertainers

A person making payment to a local public entertainer for services provided is required to withhold tax at the rate of 6% on the gross amount irrespective of whether that person is a designated WHT agent or not.

Example

Evergreen Hotel organizes a Christmas concert and invites a Ugandan local musician to perform. Upon making payment to the musician, Evergreen Hotel is obliged to withhold 6% of the gross amount of the payment and remit it to URA.

Local musician's gross payment

=10,000,000 UGX

Tax withheld from the local musician and remitted to URA

= 6% x 10,000,000

=600,000 UGX

Who is responsible for filing a Withholding tax return and payment of Withholding tax?

- The responsibility of filing and payment of the tax withheld rests primarily on the person making payment e.g. promoter, agent, event owner or such similar person. Thus, in case of his/her failure to withhold the tax, it will be recovered from them.
- A person obliged to withhold tax is required to pay the tax withheld within 15 days after the end of the month in which the payment subject to withholding tax was made.

Value Added Tax (VAT)

What is Value Added Tax (VAT)?

VAT is an indirect tax on consumption that is paid by the final consumer.

VAT-registered persons are required to:

- Charge VAT whenever they make supplies that attract VAT.
- File monthly returns within 15 days after the end of the month in which the transaction took place.

VAT registration

- The threshold for VAT registration is an annual turnover of over 150 million, or 37.5 million in the first 3 consecutive months.

Compulsory Registration

There are two categories of persons that are required to compulsorily register for VAT under the VAT Act. These are:

- Persons who make taxable supplies (turnover) above 37.5 million in any 3 consecutive calendar months.
- Public bodies that engage in business activities. These include Government Ministries, departments, parastatals, Town Councils and District Administrations among others. These bodies should apply for registration on the date they start dealing in business activities. The business activities include hall hire, tendering of services, markets, street parking, toilet management services, street billboard adverts and disposal of assets, among others.

Voluntary Registration

Persons whose taxable turnover is below the VAT threshold are eligible to register if they wish to do so provided they meet the following general requirements;

- The applicant must have a fixed place of abode or business.
- The applicant should be able to keep proper books of accounts.
- The applicant should be able to submit regular and reliable tax returns.
- The applicant should be a fit and a proper person in the opinion of the Commissioner

A. VAT on local public entertainment events

The supply of entertainment services is a taxable supply that attracts VAT at the rate of 18%.

The owner of an entertainment event whose annual turnover (sales) is UGX 150 million and above is expected to register for VAT and charge VAT on the ticket fee. The VAT charged must be declared in a return and remitted to URA. To ensure compliance with this, URA officials need to be informed of any upcoming events and will be positioned at the concert/ event entrance to count and scrutinize tickets.

Example:

Sanyuka Investments Limited organized an end-of-year music and comedy concert at Lugogo grounds; during the event, 5,000 tickets were sold at UGX 10,000 leading to total sales of UGX 50,000,000. Calculate the total VAT charged on all tickets sold.

Solution:

Gross tickets sales

$$\begin{aligned} &= 5000 \times 10,000 \\ &= 50,000,000 \text{ UGX} \end{aligned}$$

Net ticket sales

$$\begin{aligned} &= 50,000,000 / 118\% \\ &= 42,372,881.36 \text{ UGX} \end{aligned}$$

VAT Charged

$$\begin{aligned} &= \text{Gross ticket sales} - \text{Net VAT sales} \\ &= 7,627,118.64 \end{aligned}$$

B. VAT on Sponsorship income

Where an events promoter receives sponsorship from any other company, he/ she must raise an invoice that is VAT inclusive through EFRIS to the sponsor.

Who is responsible for filing a VAT return and payment?

The event owner is required to file and remit the VAT charged to URA within 15 days after the end of the month in which the event occurred.

Pay As You Earn (PAYE)

This tax applies to a sector player who has employees (administrative or causal laborers) who earn an aggregate in excess of 235,000 per month. This form of tax is withheld every month from the employee's salary by the employers and then remitted to URA on behalf of the employees.

Please Note:

- It is an obligation of the employer (not the employee) to deduct PAYE every month and furnish the return by the 15th of the following month.
- The amounts withheld should also be paid over to URA by the 15th of the following month to avoid interest charges.
